In the Claims

Please cancel Claims 3, 5-6 and 15-16. Please amend Claim 4, and add Claims 19-24.

Please amend Claim 4 as follows:

1 # 3x.

(Amended) The method of Claim [3] $\underline{1}$, wherein the infectious agent is a virus.

Please add Claims 19-24 as follows:

19. A method of immunizing a vertebrate against influenza virus, said method comprising administering to a vertebrate a DNA transcription unit comprising DNA encoding an influenza virus antigen operatively linked to a promoter region, thereby eliciting a humoral immune response, a cell-mediated immune response or both, against the antigen, whereby the vertebrate is protected from disease caused by influenza virus.

1520. The method of Claim 19, wherein the influenza virus antigen is hemagglutinin.

// 21. The method of Claim 20, wherein the hemagglutinin is subtype H1 or H7.

A method of immunizing a vertebrate against influenza virus, said method comprising administering to a mucosal surface of a vertebrate a DNA transcription unit comprising DNA encoding an influenza virus antigen operatively linked to a promoter region, in a physiologically acceptable carrier, thereby eliciting a humoral or cell-mediated immune response, or both, against the antigen, whereby the vertebrate is protected from disease caused by influenza virus.
